

m_system::fileglob

```
graph LR; A[m_system::fileglob] --> B[m_system::timestamp]
```

A diagram showing a pointer relationship between two variables. On the left, a gray rectangular box contains the text 'm_system::fileglob'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'm_system::timestamp'. Both boxes have a black border.

m_system::timestamp
